## Gerthie Owtram

## **\*\*\*\*\*\***

## Full Moon

You need only be near
And the tide rises in waves
through the middle of me in urgent rush
thrilling,
Penetrating
You into me.
So much of what I am
You are.
And there are times when
I'm wild in the fields
and passion's naked pain
settles like dew
on flower petals
And the moon's fullness is
Like a lotus on a deep lonely pond.
